CSI Young Talent Search in Computer Programming - Selection of teams to represent India at SEARCC (South East Asia Regional Computer Confederation) **International Schools' Software Competition - 2017**

1. Computer Society of India conducts a National Level School Students Software Competition every year. The winners will represent the country in the **SEARCC International Schools' Software Competitions** as per details given below.
2. **Objective** : To bring out problem solving and programming talents in school students, with speed, accuracy and team co-ordination, in a competitive environment and motivate them with due recognition, besides attractive prizes and certificates.
3. **Eligibility** :
  - 3.1 It is a team based competition. Each team will consist of 3 students. All team members of school teams must be full-time students with age of 18 years or under, **i.e. born on or after 1<sup>st</sup> January 1999.**
  - 3.2 **A school can register only one team.**
4. **Format**:
  - 4.1 The competition will be of two (2) hours duration, consisting of 4 problems using **ONE of the Programming languages, viz., C or C++ or Java.** It is to test the problem solving ability using a computer programming language. The teams will be selected on the basis of correct outputs and speed of submission of solutions to problems.
  - 4.2 **A first level Regional Competition** is scheduled on **Sunday the 9<sup>th</sup> July 2017** and will be held in 21 centres as per details given below. Depending on response of teams, more centres can be added as appropriate. Please indicate your choice of the city. However, if the number of teams is very less in a city, we shall allocate the nearest centre with sufficient notice to you. Expenses for taking part in first level regional competition will have to be borne by the teams or schools themselves.
